

## ***Black Diamond Video Hires New Regional Sales Managers***

Alameda, CA. – March 15, 2010 — Black Diamond Video ([www.blackdiamondvideocom](http://www.blackdiamondvideocom)), a leading manufacturer of DVI matrix switchers and display wall processors, today announced the selection of Mark Dziekan and John Butler as Regional Sales Managers. Mark Dziekan will manage commercial sales in the Midwest and Mid Atlantic regions. John Butler will manage commercial sales in the South and Southeast regions.

Mark Dziekan has more than 20 years of industry experience with key sales and management experience working for Toshiba and NEC.

John Butler's background includes sales and support roles for AMX and Crestron.

"Mark and John bring proven technical sales skills to Black Diamond Video," said Chris Wallace, BDV Commercial Sales Director. "They both possess years of AV industry experience and will be valuable resources to our commercial integration partners. Additionally, they will play key roles in the management of BDV's commercial sales growth."
